Your representative will treat any communication to them from this address as instructions from you and they'll continue to use this account until you tell them otherwise.

We maintain information about you

In order to continue to provide you with advice that is appropriate for your needs and suitable for your circumstances we will retain information about you including your financial and lifestyle objectives and your current financial situation. We are also legally required to store this information and records of any advice and services we provide to you. Generally, this information is used to provide you with appropriate advice and services, and suitable recommendations. We are committed to maintaining the security, currency and confidentiality of your information and we will only release it to other parties with your consent or as required by law. You can choose not to provide us with the information we require but, if you do so, we may not be able to provide you with the advice or services you need. You have a general right to examine our records. If you want to see what personal information we hold about you please let us know and we will make arrangements for you to do so. If we can't provide you with access to our records we will let you know the reasons why.

Important documents you can expect to receive

If you receive personal advice it will be confirmed in writing so that you can make an informed decision about the appropriateness and suitability of that advice. Such recommendations can be documented in a **Statement of Advice (SoA)** but a **Record of Advice (RoA)** may be used when you obtain with subsequent advice and your personal circumstances have not changed. The **ROA** may be provided to you or added to your file and if you would like a copy of this document, or the initial SoA, your adviser will make it available to you on request.

Where your adviser recommends specific financial products they will provide you with a **Product Disclosure Statement (PDS)** which contains specific and important information on the financial product. It is very important for you to read and understand that document before you can take any action in relation to the advice.

Our interests, associations and relationships.

Our representatives' recommendations to you will be based on their assessment of your personal circumstances, needs and objectives. These factors underpin their advice but it is important for you to appreciate that Millennium3's interests, associations and relationships and the benefits we (and our representatives) receive – such as commission, corporate hospitality or marketing support for example - may give rise to an actual or potential conflict of interest. However, where any interest might reasonably be capable of influencing our representatives' advice or creating a conflict of interest, they will clearly disclose our interest or the nature of the conflict to allow you to make an informed decision about our advice. They will manage, and will clearly disclose, any conflicts that they think may influence their advice.

How you pay for our services

Operating a financial services business involves substantial costs. Fees and commission assists us to afford the infrastructure, personnel and systems required to provide you the professional services our clients have come to expect. In many cases you are able to negotiate how you pay for the professional services they provide to you. You may choose to pay these fees directly or have the professional costs paid by the product provider or from the products recommended to you. Our representatives may receive a salary, fees, commission payments and may also be eligible for an annual performance payment for meeting service and sales targets. Where it is necessary to refer you to another specialist we may also receive a referral payment from them. The remuneration they receive should be clearly disclosed in the advice documents they provide to you. **In any event you should refer to the FSG for the representative with whom you choose to deal to understand their specific business structure, fees and charges.**

Commissions, which are paid from the product costs and are not an additional cost incurred by you, vary according to the nature of the specific financial product and may be reduced or refunded by your representative. For example

Product	Commission Range
Life Insurance products including Risk Insurance and Life Investment	Up front 0% to 140% of the premium paid or amount invested. On going 0% to 45% of the premium paid or amount invested.
Superannuation and Investment products	Up front 0% to 15% of the amount or contribution invested. On going 0% to 6% of the amount or contribution invested

Providing feedback

As a professional financial services business, Millennium3 is committed to ensuring that we and our representatives act efficiently, honestly and fairly. We value your support and appreciate any feedback that will help us to meet your expectations and needs. If at any time should you have any questions or concerns about the advice or services you received we encourage you to contact us directly and we will try to resolve the issue immediately.

You should contact your adviser first but if your adviser can't respond to your feedback or effectively resolve your issues within three (3) business days – or if you don't feel comfortable talking with your adviser about your issues - you should contact Millennium3 directly.

If Millennium3 doesn't provide you with a satisfactory response, you have the right to refer your concerns to the Financial Ombudsman Service Limited ("FOS"). FOS is an independent dispute resolution service that deals with complaints about financial services including banking, credit, loans, general insurance, life insurance, financial planning, investments, stock broking, managed funds and pooled superannuation trusts. FOS can be contacted at GPO Box 3, Melbourne Vic 3001 or by phone on 1300 78 0808.

The Australian Securities and Investment Commission (ASIC) also has a Freecall Infoline on 1300 300 630 which you may use to make a complaint and obtain more information about your rights.

The law requires Millennium3 to maintain a level of Professional Indemnity Insurance appropriate for their size and the scale and complexity of their operations. Millennium3's insurance covers claims made against Millennium3 and both its current authorised representatives and former authorised representatives. Their policy is annually reviewed for currency and suitability and is a key element of Millennium3's licence obligations.
